Subject: Regional Administrator Jared Blumenfeld going to Shiprock

Robert:

I hope the Chapter Meetings went ok today.

I left you a voicemail regarding Jared's plans to travel to Farmington on Wednesday evening. He would like to go to Shiprock in the early morning, possibly observe sampling activity, visit our operations center in Farmington, and then proceed on to the Durango area in the afternoon.

Jared would be very honored if President Begaye could join him in Shiprock to discuss the status of the response activities and other topics of concern to the

President. Let us know if that would be possible.

I have copied both Jessica Kao, Jared's chief of staff, and Fatima Ty, his special assistant. Feel free to reach out to me, Jessica or Fatima. Thank you for considering our request.

Sincerely,

Enrique Manzanilla
